

## RMS Manufactured Product Warranty

### General Warranty Terms

Equipment manufactured by the Company is warranted to be free from defects in material and workmanship which may develop within the specified warranty period after shipment of the goods to the original buyer.

Where the equipment provided by the Company is not of a kind ordinarily acquired for personal, domestic or household use or consumption then the liability of the Company for a breach of condition or warranty implied by the Trade Practices Act 1974 (other than the condition or warranty implied by Section 69), shall be limited to the repair of the goods, provided that such equipment is returned to the place nominated by the Company, or at the Company's option the repair or replacement of the goods or the supply of equivalent goods at the discretion of RMS.

For equipment not manufactured by the Company then the original manufacturers warranty will be offered by the Company to the purchaser.

In no event shall the Company be liable for any direct/indirect, special or consequential damages such as, but not limited to, economic loss how so ever caused.

Refer RMS Standard Terms & Conditions available at:

[www.rmspl.com.au/handbook/qf907.pdf](http://www.rmspl.com.au/handbook/qf907.pdf)

### Imported Products

Original equipment manufacturers warranty shall apply.

### Protection and Control Relays

All RMS utility grade protection & auxiliary relay products, unless otherwise stated, are warranted for a period of 60 months from shipment for materials & labour on a return to factory basis. Repair of products damaged through poor application or circumstances outside the product ratings will be carried out at the customer's expense.

Product ranges covered by this warranty include:

- > Alpha
- > Delta
- > 6R MATRIX
- > MATRIX Protection
- > Test blocks and accessories

Relay Monitoring Systems Pty Ltd design, manufacture and market a wide range of electrical protection and control products for application on high voltage power systems. The company's depth of manufacturing and engineering expertise is backed up by many years of experience since the formation of its predecessor, Relays Pty Ltd (RPL), in 1955. This experience combined with a broad base of field proven product types enables RMS to service specific customer needs by producing relays on demand and with typically short lead times.
